EXCELLENT OIL GRIP PERFORMANCE IN COLD AND WET CONDITIONS

DESCRIPTION

Full nitrile coating on thick double layer liner provides outstanding warmth and all-around protection from the hand to the forearm. Combined with the MicroFinish® grip technology, AG566 Thermo is the perfect solution for slippery applications in cold and wet conditions.

FEATURES

All-around protection

The full triple dipped nitrile coating promises durability and all-around protection from soil, dirt, liquid and penetration to keep hands dry and warm in harsh conditions.

Cold protection

The double layer liner, 13G polyester and 7G napped acrylic, generates outstanding barrier against cold temperature.

Grip Performance

Revolutionary MicroFinish® grip technology promises outstanding grip in dry, wet and oily conditions.

GLOVE SERIES

ActivGrip™ 565

length: 10inch(26cm)

ActivGrip™ 566

length: 12inch(30cm)

ActivGrip™ 567

available with heat-sealed
PVC sleeves
overall length: 24inch(60cm)
