Latex Double Coating & MicroFinish® Technology

Liquid Resistant Palm, Knuckles & Fingers

Extra Warm Acrylic Liner With Hi-Viz Color

FEATURES

- » The 3/4 covered coating offers more warmth as well as more safety to all fingers and knuckles by keeping the user's hand away from soil, dirt and cold water penetration.
- » The 3/4 coating is ideal when you need extra warmth and protection without sacrificing hand motricity and dexterity.
- » 10 gauge napped acrylic liner keeps the hands warm when working in cold conditions for a maximum comfort and durability.
