Breathable Nitrile Coating & MicroFinish® technology

SMART™ Liner

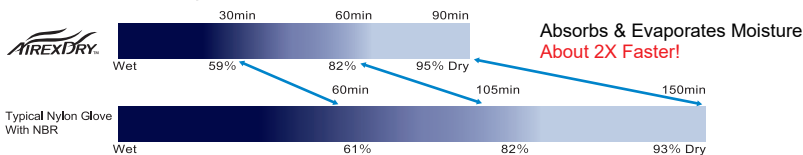

Sanitized® treated

FEATURES

- » Experience the combination of our most innovative liner, Towa's patented hi-tech SMART liner, with a breathable MicroFinish® nitrile coating.
- » The 13 gauge nylon Super Moisture Absorbent & Reduction Textile (aka SMART) liner absorbs and evaporates moisture up to about two times faster than typical liners, delivering ultimate comfort.
- » The blue nitrile and liner amplify the cool aspect of the glove and sensation of freshness, making it the ideal glove for prolonged work in warm conditions.

Amount of Moisture Evaporated in Minutes
