FEATURES

- Very high cut resistance level (ISO cut level E, ANSI cut level 5) with nitrile double coating with MicroFinish® for excellent oil grip and abrasion resistance.
- The 18G liner allows to maintain great flexibility and light weight, making this glove ideal for any task that require dexterity and precision at the fingertips.
- Compatible with most touch screens. The user doesn't need to take the gloves off when operating on a tablet or a phone, increasing workplace safety.
- The thin coating, liner flexibility and TOWA ergonomic design all combine to greatly reduce hand fatigue of the user. HPPE fibers help keep the hand cool.
