NanoFinish™ technology for excellent grip

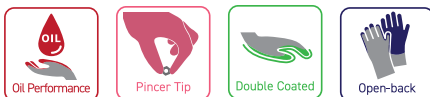

Nitrile double coating

Nylon and spandex liner TOWA ergonomic design

FEATURES

- » Magnificent dry grip, all while maintaining great oil and wet grip by using Towa's exclusive brand new coating technology, NanoFinish™.
- » With the innovations of NanoFinish™, the coating not only offers the highest level of abrasion resistance but it also delivers more durable grip performance, as dirt, soil or other small bodies do not accumulate inside the coating pores.
- » The brand new 15 gauge liner in nylon and spandex offers great elasticity to fit perfectly to the shape of each finger, as close to the skin as possible. Coupled with the softness of NanoFinish™ nitrile, this glove provides fantastic flexibility.
- » Combining all the best technologies of Towa: Pincer Tip, Overdip Coating, and our new eco-friendly, VOC free, coating technology, NanoFinish™.

NANOFinish™

APPLICATIONS
