FEATURES

- » PowerGrab Thermo KEV-S is upgraded with Dupont™'s brand new Kevlar® with steel fiber to reach ISO cut resistance level C.
- » The napped acrylic liner keeps the user's hands warm in cold situations, while TOWA's MicroFinish® flexible latex coating technology helps maintain dexterity.
- » The 10 gauge liner coupled with latex double coating provides excellent durability for the most strength demanding and heavy tasks.
- » Certified to sustain contact heat up to 250 degrees Celsius for 15 seconds.

APPLICATIONS

Kevlar is a registered trademark of E.I. du Pont de Nemours and Company
