FEATURES

- » ActivGrip™ Eco is using a brand new liner made of more than 90% recycled nylon, resulting in a highly sustainable and environmentally friendly glove.
- » Designed on the foundations of our renowned ActivGrip™ Advance 581, it offers the same stable and excellent grip in either dry, wet or oily environments.
- » Sustainability doesn't mean compromises: we maintain a high durability by using our reliable MicroFinish® double nitrile coating along with our Overdip technology.
- » With its 15 gauge liner, it delivers enhanced flexibility, softness and stretches to better fit the shape of the hand, achieving the ultimate ergonomomy.

APPLICATIONS
