Nitrile double coating & MicroFinish® technology

Liquid resistant palm & fingers

Cut resistant HPPE & glass fiber liner

ANSI/ISEA 105-2016

EN388:2016 +A1:2018

**FEATURES**

- » The 13 gauge HPPE liner results in a lightweight liner, while offering a stable cut resistance of level A3/ISO Cut C.
- » With the full coating of the fingers, the Omega Plus is ideal for tasks that require dexterity, especially in confined spaces with poor visibility of the fingers. The fingers are further protected from cuts, oil and liquid penetration.
- » Great grip in oily, dry and wet environment by using Towa's exclusive MicroFinish® coating technology.
- » By limiting the extra coating to the fingers, we allow the back of the hand to maintain breathability and transpirability, enhancing comfort during long work sessions.
