## FEATURES

- » ISO cut resistance level D, ANSI cut resistance level 4 achieved without glass or steel fibers, using our new UHMWPE (Ultra-high-molecular-weight polyethylene) fiber.
- » Double coating of nitrile with MicroFinish on the palm and full coating of the back of the hand offers 360° protection against the penetration of liquids and excellent grip.
- » 18G thin liner allows for high dexterity and flexibility even with the back of the hand coated.
- » TOWA's proprietary ergonomic hand mold provides a close-to-skin fit for maximum dexterity, enhanced comfort and fingertip control.
- » Our lightest fully coated cut resistance glove to date, greatly reducing hand fatigue.
